Rosh Chodesh Kislev 5775  
site of the cruel terrible massacre  
Har Nof, Yerushlayim

To Reb Yisroel (Ira) Zlotowitz Shlita,

I would like to express my gratitude and appreciation for the help you extended to the families of the Kedoshim and the wounded here in our neighborhood of Har Nof, particularly by establishing a website to which over 2000 people have already visited and donated funds.

In the names of the families of the Kedoshim and of the wounded we thank you and ask that you please carry on this work on their behalf.

As I understand from my dear friend Rav Nissan Kaplan Shlita, several substantial donors have gathered together and are prepared to match the funds raised with up to One Million Dollars.

I would like to conclude with a Bracha to all those who have donated to this worthy cause and to all those who are working for its success, that Hashem should bless them with only good and they should never see pain and suffering in their homes.

בברכת כהנים באהבה

יצחק מרדכי הכהן רובין
